Mr. John Stankey
CEO, AT&T Entertainment Group
AT&T Inc.
208 South Akard St.
Dallas, TX 75202

Dear Mr. Stankey,

Earlier this week, I met with senior AT&T representatives to discuss the Dodgers television blackout. It was a very productive meeting and I believe we are making progress toward an agreement between your company and Time Warner Cable (TWC) to offer SportsNet LA to DirecTV and U-verse customers.

A face to face meeting between AT&T and TWC would be very productive. Therefore, I am inviting representatives from both AT&T and TWC to meet together in my office in San Pedro, California in order to further these efforts. This meeting can take place anytime during the first week of May. I am more than happy to remain in the room during the meeting or allow the two parties to meet in private. My staff will be reaching out in the coming days to find a time that works for your company.

In Congress, I work with both Republicans and Democrats alike to help our great Nation. While the two parties often disagree on legislation, I am always willing to meet with members of Congress on the other side of the aisle to discuss ways to solve problems. While we may not always resolve all our differences, we know there is no harm in meeting.

In that same bi-partisan spirit, I request that your company sit down in person with TWC in my office to discuss this matter. The Dodgers are a treasure to Los Angeles, and this is the third season where 60 percent of the region is unable to watch their games on television. This meeting would be beneficial to both parties, and AT&T owes it to both my constituents and baseball fans.

I look forward to seeing representatives from your company at my office early next month.

Sincerely,

Janice Hahn
Member of Congress
